

**DANDRUFF MAKES  
HAIR FALL OUT**

25 cent bottle of "Danderine"  
keeps hair thick, strong,  
beautiful.

Girls! Try this! Doubles  
beauty of your hair in  
few moments.

Within ten minutes after an applica-  
tion of Danderine you cannot find a  
single trace of dandruff or falling hair  
and your scalp will not itch, but what  
will please you most will be after a few  
weeks' use, when you see new hair, fine  
and downy at first—yes—but really new  
hair—growing all over the scalp.

A little Danderine immediately doubles  
the beauty of your hair. No difference  
how dull faded, brittle and scraggy, just  
moistens cloth with Danderine and care-  
fully draw it through your hair, taking  
one small strand at a time. The effect is  
amazing—your hair will be light, fluffy  
and wavy, and have an appearance of  
abundance; an incomparable lustre, soft-  
ness and luxuriance.

Get a 25 cent bottle of Knowlton's  
Danderine from any drug store or  
toilet counter, and prove that your hair  
is as pretty and soft as any—that it has  
been neglected or injured by careless  
treatment—that's all—you surely can  
have beautiful hair and lots of it if  
you will just try a little Danderine.—  
Advt.

WORLD WANTS WORK WONDERS

**G. O. P. OLD GUARD  
IS READY TO KNIFE  
THE CONSTITUTION**

Realize It Is Doomed and They  
Want to Be on the Win-  
ning Side.

MAY SPLIT THE PARTY.

Will Not Oppose It as a  
Whole, but Criticise Its  
Objectionable Features.

The Republican Party is on the  
verge of a split over the new Con-  
stitution. Up-State leaders, who for-  
merly were classed as members of  
the "Old Guard" are discussing the  
advantages of open attack on the  
proposition. Privately they are criticiz-  
ing it and stimulating hostility in  
some districts.

Reports received at Republican  
State Headquarters indicate more  
strongly every day the probability of  
the Constitution's defeat, with par-  
ticularly large adverse vote in up-  
State counties. State Chairman Tan-  
ner's recent Constitution speeches in  
the western part of the State met  
with rather cool response.

UP-STATE LEADERS WANT TO  
BE ON WINNING SIDE.

Officially the Republican organiza-  
tion is on record in favor of the Con-  
stitution through vote of the State  
Committee. This action was urged  
principally by New York City mem-  
bers. Some up-State members op-  
posed it but most of them were tac-  
tically acquiescent for the sake of har-  
mony. It was argued that for the  
party organization to fail to endorse  
the work of its own majority in the  
convention would be bad politics.

Now the point under discussion is  
whether it will be better politics for  
the up-State leaders to change front  
and declare their opposition, thus get-  
ting on the winning side.

William Barnes Jr. has under con-  
sideration the making of a public  
speech criticizing certain phases of  
the Constitution.

Senator Eion R. Brown of Water-  
town, leader of the Senate, is expected  
soon to declare himself in opposition.

The powerful Monroe County or-  
ganization, headed by George W. Ald-  
ridge, is coldly hostile, but holds back  
from a declaration of war.

Former Senator Edgar T. Brackett  
of Saratoga, a member of the con-  
vention, predicts defeat and his fol-  
lowers are ready to vote against it.

**OPPOSE CONSTITUTION FOR ITS  
OBJECTIONABLE SECTION.**

Leaders from the western end of  
the State are conferring with those

**PLOTZ'S TYPHUS  
VACCINE FAILURE,  
DOCTOR DECLARES**

Germ Cultures Fail to Prevent  
Disease, Dr. Anderson Re-  
ports After Experiment.

The widely heralded discovery, in  
the laboratory of Mount Sinai Hos-  
pital, of the so-called germ of typhus  
fever by Dr. Harry Plotz was called  
into question last night at a gather-  
ing of scientists at the Academy of  
Medicine.

Dr. John F. Anderson, Director of  
the Hygienic Laboratory of the United  
States Public Health Service at Wash-  
ington, said he had received some of  
the germs from Dr. Plotz himself and  
had succeeded in making cultures and  
sub-cultures of them.

But, to his surprise, Director Ander-  
son added, he found when he injected  
these germ cultures into guinea pigs  
that the animals did not thereby gain  
any resistance to the disease itself.

He made repeated efforts to give the  
guinea pigs immunity through the  
cultures, but failed in every instance.

The inoculation of the animals with  
the real disease, however, conferred  
actual immunity.

Dr. Hans Zinsser, who recently  
returned from the typhus-stricken  
districts of Serbia, said that he too  
had failed to find a case where the  
inoculation with the Plotz culture  
conferred immunity.

A question was raised as to whether  
the germ discovered by Dr. Plotz at  
Mount Sinai is not the "secondary  
invader," the germ that follows the  
real typhus germ in the system of  
persons attacked by that fever.

It was revealed during the con-  
troversy that the serum or vaccine,  
consisting of the Plotz germ culture,  
sent over by Mount Sinai Hospital to  
Europe for use in Serbia, got spoiled  
on the way, mostly because the  
British Government seized the ship  
and detained it for three weeks.

Dr. E. H. Hinton hotly denied that the  
Plotz germ is a "secondary invader."  
He insisted it is the real thing, the  
actual bacillus that causes typhus  
fever.

A curious discovery was announced  
at the meeting—namely, that persons  
exposed to typhus may develop with-  
in themselves such an antagonism to  
the disease that they will not take  
the fever.

Of the eastern part on the advan-  
tage of a general attack.

The plan of some leaders is not to  
denounce the Constitution as a whole,  
but to criticize certain sections of it  
and to express regret that it had not  
been submitted to the voters each  
section separately, so that voters  
might have been free to select what  
they liked instead of being obliged  
practically to take all or none.

Other leaders are growing more  
bold and favor a policy of open op-  
position and denunciation.

**CROWD SEES AVIATORS  
HURLED FROM FALLING  
PLANE TO THEIR DEATH**

Two Young Flyers Plunge 100  
Feet After Losing Control  
of Machine.

LYNN, Mass., Oct. 22.—As scores of  
horrified spectators watched, J.  
Chauncey Hedding and Philip How-  
man, young aviators of Malden,  
Mass., fell to their death when Red-  
ding lost control of a Wright-Burgess  
biplane in which they had attained  
an altitude of 1,250 feet.

Hedding, twenty-two years old,  
manager of the Naugus Aviation  
School, was operating the machine;  
Howman, nineteen, was his machin-  
icist. They rose yesterday afternoon  
from the Naugus aviation field and  
soared over the neighboring marshes  
with the intention of throwing false  
bombs at spaces they had marked  
out.

At the height of 1,250 feet Red-  
ding made a spiral glide downward  
and when about 500 feet from earth  
he attempted to alight. At the same  
time Howman made ready to  
drop the false bombs.

About one hundred feet above the  
marsh the machine lost its control.  
Hedding and Howman were thrown  
out and landed in a shallow pool of  
water with such force that they were

driven two feet into the soft bottom.  
The biplane fell on them, and al-  
though it crumpled the machine power  
motor continued to work. The police  
quickly dug out the young men, and a  
medical examiner declared both had  
been killed instantly.

CIVILIZATION.

(From the Boston Tribune)  
Formerly an Indian walked ahead and  
his arrow followed, dragging a tent pole.  
Nowadays the arrow walks ahead and  
the Indian follows, whistling a holy  
song. And that is civilization.

**MILLIONS USE IT  
TO STOP A COLD**

"Pape's Cold Compound"  
ends severe colds or grippe  
in few hours.

Relief comes instantly.  
A dose taken every two hours until  
three doses are taken will end gripe  
and break up a severe cold  
either in the head, chest, body or  
limbs.

It promptly opens clogged-up nos-  
trils and air passages in the head,  
stops easily discharge or nose run-  
ning, relieves sick headache, dizziness,  
feverishness, sore throat, sneezing,  
soreness and stiffness.

Don't stay "stuffed-up." Quit blowing  
and snuffing! Ease your throbbing  
head! No drug else in the world gives  
such prompt relief as "Pape's Cold  
Compound," which costs only 25 cents  
at any drug store. It acts without  
assistance, tastes nice, causes no in-  
convenience. Be sure you get the  
genuine.—Advt.
